

Hate Sweet Hate

Oomph!

Get them offa my cloud
Get them offa my eyes
Get them offa my house
Get them offa my sight
Get them out because I abhor them
Get them out and I can't ignore them
Get them out because I could kill them (yes I'm sure that I could)
Get them out because I despise them
Get them out or I'll atomize them
Get them out because I could kill them (and I'm sure that I would)

H.a.t.e.love me!
H.a.t.e.fuck me!
H.a.t.e.rule me!
Hate hate hate

Come hate
Come eat me up
Hate sweet
Hate never stop

Come hate
Come fuck me up
Hate sweet
Hate self-destruct

Get them offa my mind
Get them offa my veins
Get them offa my dreams
Get them offa my brain
Get them out because they have used me
Get them out because they abused me
Get them out because they have killed me
(they have eaten my heart)
Get them out because they have raised me
Get them out because they erased me
Get them out because they have killed me
(and they tore me apart)
