# No Heart No Pain

**Oomph!**

No, forget it – help me, please
No, forget it – help me, please
No, forget it – help me, please

No more – no more
No more – no more

No, forget it – help me, please
No, forget it – help me, please
No, more – no more – no more
No – no more

If there's no heart, then there's no cure
If there's no God, I'm not impure
If there's no heart, then there's no pain
If there's no mind, I'm not insane

No, forget it – help me, please...

No I don't need no mental healing, I don't need no kiss of light
No I don't need no mental healing, I don't need no kiss of light
No I don't need no mental healing, I don't need no kiss of light
No I don't need no mental healing, I don't need no kiss of light
No I don't need no mental healing, I don't need no kiss of light

No, forget it – help me, please
No, forget it – help me, please
No, more – no more – no more
No – no more
Once more

No more – no more – no more
No – no more
Once More

No, forget it – help me, please
No, forget it – help me, please
No more – no more – no more
No – No more
