

## Nothing Is Real

Oomph!

Make me weep until I'm blind  
Let me sleep - My teeth won't grind  
Take my breath until I feel  
Beat my chest - I'm broken

Burn my world - You turn the wheel  
My world - Until I feel  
My world - Don't try to heal  
My world - Nothing is real

Nothing is real - Nothing is real  
Nothing is real - Nothing is real

Let me drink until I find  
You've always been on my mind  
Cut my skin until I feel  
Everything is broken

Burn my world - You turn the wheel  
My world - Until I feel  
My world - Don't try to heal  
My world - Nothing is real

Burn my world - You turn the wheel  
My world - Until I feel  
Don't try to heal my world
