

Sex is Not Enough

Oomph!

Deep down inside your veins
Pumping through your wrist
I looked through your gene-chain
Into the abyss

You've got my heart in your hand, it burns
I know I can't break out now
You've got my heart in your hands, it burns
And from inside I shout loud

Sex is not enough
Sex is not enough
You just don't bleed enough for me
kiss me one last time again

Deep down inside your throat
Somewhere in your guts
I'm searching for your soul
But I can't find much

You've got my heart in your hand, it burns
I know, I can't break out now
You've got my heart in your hands, it burns
And from inside I shout loud

Sex is not enough
Sex is not enough
you just don't bleed enough for me
Kiss me one last time again (Kiss me one last time again)

Sex is not enough (sex is not enough)
Sex is not enough
You just don't mean enough for me
Kiss me one last time again (Kiss me one last time again)

Sex is not enough (Sex is not enough)
Sex is not enough
You just don't feel enough for me
Fool me one last time again
