

## Jaded

Open Hand

This highway divides one more day,  
They said it's suicide for me to run away,  
How long will I survive,  
I think to myself,  
How far will this go,  
Only they know,  
One more day from suicide,  
I don't buy this shit,  
These situations arise but it's ok,  
I see through jaded eyes,  
Don't worry I'm on my way,  
One fine day,  
I will be back,  
I'll return again,  
One fine day,  
I said: "Hey man, I'm on my way."  
One fine day is all I need now.
