

Old Hat

Open Hand

Today might be the day that we collide
I've seen this coming since the day we met
And never even seeing eye to eye
Has been the greatest help that we've had yet

Say goodbye to everyone

All that's left to say is that I
See nothing's changing
All we had has gone away

Gone away

Today might be the day that we collide
Clashing, crashing, tearing it apart
I wonder, is there any end in sight?
And will we still be left with any heart?

Say goodbye to everyone

All that's left to say is that I
See nothing's changing
All we had has gone away

Turn it off, we'll have to wait
Cause all I ever gave
Nothing's left, it's all gone

Take your time, I have to go
I told you all I know
Nothing's left, it's all gone

Quiet down, take it slow
