

# Face That Screams

Operation Ivy

What happened to the world? Guess it just got full of pain  
The skies of the capitol building up a shade of gray  
To when we caught on and set down at the side  
Waiting for the end of the ride  
It's as easy guessing do they sit down in the back?  
To end the way we're never winning what quick close is that?  
This lost civilization  
The richest aggressive and proud

Have you ever seen?  
It's the thick of a face that screams  
Have you ever seen?  
It's the thick of a face that screams

Then when other women started screaming out this song  
The lyrics filled with Johnny who's likely gone wrong  
You can't help singing louder and a no idea attack  
Explaining that Johnny was on smack  
think it's hideous the fog disappeared  
Passages on the back of the growing entity up there  
Every so often in the middle of a lunch  
You say "uhh mister I ain't no bitch"

Have you ever seen?  
It's the thick of a face that screams  
Have you ever seen?  
It's the thick of a face that screams

Their power once so cheap  
Her strength once so clear
