

Out of the hospital, out against my will
Life is so beautiful, I've gone mental
Mental! Mental! I've killed my family
They thought I was an oddity

Life is so beautiful, I am a vegetable
Mental! Mental! I've gone mental I've gone mental
Staring at my goldfish bowl Popping Phenobarbital
Life is so beautiful, I've gone mental Mental! Mental!

Sitting on my window still
Life is so beautiful, I've become irrational, I've gone mental
Mental! Mental! I've gone mental.
