

## Elysian Woes

Opeth

What is left when the morning comes  
Is the memory of a future  
And when my plight is done  
There is nothing left to hold onto

There were friends waiting at my door  
They are gone now, for the year is new  
I stuck by my word  
And when the rains came  
Made it true and pure, to dissolve the hurt

Are we nursing destruction?  
Pursuing a dream we once had  
Was it our intention  
to follow this road 'til the end  
Even if the end is a world of sorrow?

There is a bond between us  
Even if it's frayed it is unbreakable  
So I come for you always  
And I welcome pain  
For a second of belonging somewhere  
There were times when I lost my way  
With hope pouring from my soul  
In a shelter from the sun  
I don't want to bare my scars for you
