

## These things

Orange Blue

These things  
that I think about  
are senseless  
to think about  
but, but I guess  
that's the way when  
you're in love.

This pain  
that I feel about you  
is so strange.  
I can't be without you  
but I guess  
that's the way it goes.  
It's you that I want it's you that I want it's you that I want.

This wave takes me far away  
but I can take you with me  
to the obliviance of universe  
where the loudest scream must fade away  
but I will cry out anyway  
that I loved you  
oh good i love you.  
It's you that I want.It's you that I want...
