

# Stand For Something

Orange Goblin

Now many chances do I get to find redemption?  
When I've been low so many times  
I've hit the bottom far too many times to mention  
But I've paid for all my crimes

Well I know I've done the wrong things  
But I wanna tell you one thing  
Cos' you've got to stand for something  
Or you're gonna fall for something

What doesn't kill us makes us stronger in the long run  
And I'm not afraid to die  
I've been so close to losing everything I cared for  
But I refused to lose my mind

My only master is the man I see in the mirror  
He's done me more harm than he knows  
I know the grass ain't always greener on the upside  
But it's the place that I call home
