

## Tosh Lines

Orange Goblin

This is the first line of my song  
The second line didn't take me all that long  
Third line and I'm about to lose control  
Fourth line is a lesson in rock n roll

Fifth line is very much like the third  
Line six is the best you've ever heard  
Seventh line and we're getting near the end  
Eighth line and that's your lot my friend.
