

Ah, ah, what a good feeling  
The blue sky, the sea, how do you like this location?  
Ah, ah, you've got a really nice body  
C'mon baby, do the locomotion  
Ah, ah, locolotion, ah, ah, locolotion...

Very care-free  
Tropical bungy jump!  
Hi! Sweet, stand up  
Yo! Hey, you're really hot, I'll put you in the sun  
"High tension please" a just barely flickering rhythm  
How do you want to enchant me? An invitation to show time  
The king of summer sail!  
Tell me about your days? A huge wild idea!?  
A serenade starting in midsummer, oh oh oh

I want to escort you, who are full of excitement

Hitchhiking is ok! Vibration  
Rising adrenaline flows through me  
Punching your forehead, your underwear's showing, slap  
Music piece-by-piece, riding inside  
Alright, everyone sing together  
If you want excitement, then get stupid, oh oh oh
