

Oh! Yeah

Orange Range

Pa-ra-pa-ra-pa-pa, pa-ra-pa-ra-pa-pa, I'm going off in
search of you baby

Morning, day, and night, 24 hours a day, I'm engrossed
in you; the day we met, I was on the edge; the
sleepless days pass by
Each day passes boringly by, my feelings gradually
build up; after I remember and laugh, I sigh

You look up to the sky, and run without looking back
I can't take it, I follow after you

A bicycle passes by, your form is certainly that of an
angel
Just looking is enough, tonight my heart will be in
pain once again
The sunset gently colors my shadow again today

Pa-ra-pa-ra-pa-pa, pa-ra-pa-ra-pa-pa, I'm going off in
search of you baby

My mind is filled with you at night, and so I choose a
love song in the early morning
As I bask in the morning sun, drinking my morning
coffee is always lonely
Our eyes meeting is enough, imagining being with you is
enough for me
Well, shall we dance? Tonight I want to cross over this
border line

What are you doing? I want to see you tomorrow too
I think of you everyday, uh!?

The chime sounds, it's the end of the school day; you
and I pass by each other in silence
Is just looking enough? Thinking of you, my heart is in
pain once again
The sunset gently colors my shadow again today

Oh! Yeah, tu-lu-lu-tu-tu-lu-lu-lu
The sunset gently colors my shadow again today

Pa-ra-pa-ra-pa-pa, pa-ra-pa-ra-pa-pa
I'm going off in search of you baby
