

A Visit From Dr. Goodsex

Orchid

Purse your lips and pump your hips
and purse your lips and pump your hips
I can't begin to understand...
God damn. God damn. God damn.
I start sweating about the time your hand hits my back
I can't begin to understand
God damn. God damn. God damn.
We were kissing an hour before our lips met
I never wanted to have sex till you asked me
God damn God damn I'm a brand new man
God damn God damn God damn I'm a brand new man
