

## A Visit From Dr. Goodsex

Orchid

Purse your lips and pump your hips  
and purse your lips and pump your hips  
I can't begin to understand...  
God damn. God damn. God damn.  
I start sweating about the time your hand hits my back  
I can't begin to understand  
God damn. God damn. God damn.  
We were kissing an hour before our lips met  
I never wanted to have sex till you asked me  
God damn God damn I'm a brand new man  
God damn God damn God damn I'm a brand new man
