

## Black Hills

Orchid

It's too hot here,  
Not my kind of town.  
But I can smell you, even  
Though you are miles away.  
I put my hand on my stomach,  
And pretend it's yours.  
Leave on the lights,  
Hand on my back, mouth on  
My mouth-I need to feel you  
Near me.  
It's too hot here.
