

# Here At The End Of The World

Orden Ogan

So many steps we spent on this way  
So many choices led to this day  
I can't remember what we lived for  
...and I don't care anymore

You still believe that I will stay strong  
You kept your faith in me for so long  
I'm unfeathered, broke, foundering  
...but I don't feel anything

I'm watching over you now  
The reaper's never far  
You did escape me somehow  
You can't escape who you are

Here at the end of the world  
All men die lonely  
Here at the end of the world  
And here only

So many steps we spent on this way  
So many choices led to this day  
I can't remember what we lived for  
...and I don't care anymore

A better saviour than disciple  
Misleadingly entitled  
Startle as your fate is unfurled  
...here at the end of the world

I'm watching over you now  
The reaper's never far  
You did escape me somehow  
You can't escape who you are  
Here at the end of the world  
All men die lonely  
Here at the end of the world  
And here only

Here at the end of the world  
All men die lonely  
Here at the end of the world  
And here only
