

As The Body Falls Away

Order From Chaos

Acquisitioned
Defiled virility
Plague bleaching carnal shores
Fertile vessels
Awash in seas of blood
Yellow flags fan the tide
Of fear

Paroxysms of delusion
Throes of consuming corruption
Pandemic syndrome penetrates
Great wounds ever widened
The coil - it cracks and sways
Arise infectious

As the body falls away

Immunities go the way of flesh
Left to this world
Mortified dissolution
Pain lengthens time

As the body falls away
Abominate
Erupting emaciations
Speaking blood
Ensanguined capitulation

As flesh awaits emancipation
Seeding and death
Decaying sentence infectious end
Salvations retch

Pain lengthens time
