

Make Up Your Mind

Orgy

Make up your mind

You couldn't make me
Anymore crazy
Than I could stand to be

So won't you just sympathize with me
And all the things I do to make you angry with me
What's wrong with me today
You say, I leave you all alone
Every time you call me
As if you needed reason to fall down
I know this must be hard for you to understand
And all this waiting takes too long for me
Make up your mind

You don't even know, what's good for you
You better keep your eyes on me
Maybe you're oblivious inside
And it's scary that you don't know
Your chances fade away
Fade away sometimes
Maybe you're oblivious inside

No you can't deny me
And I don't want to see you go away

You get angry when I ask what's on your mind
I should have been asking you what's been up your sleeve this whole time
'Cause now I know you're dangerous
And I know you're dangerous, but somehow you're contagious
Make up your mind

You don't even know, what's good for you
You better keep your eyes on me
Maybe you're oblivious inside
But it's scary that you don't know
Your chances fade away
Fade away sometimes
Maybe you're oblivious inside

You don't even know, what's good for you
You better keep your eyes on me
Maybe you're oblivious inside
But it's scary that you don't know
Your chances fade away
Fade away sometimes
Maybe you're oblivious inside

No you can't deny me
No you can't deny me
'Cause I don't want to see you go away

You don't even know, what's good for you
You better keep your eyes on me
Maybe you're oblivious inside
But it's scary that you don't know

But it's scary that you don't know
Your chances fade away
Fade away sometimes
Maybe you're oblivious inside
