

# Anybody Else

Orianthi

From the moment I saw you  
It was the look that you had in your eyes  
You were everything I needed  
From that time for the rest of my life  
And I'm counting all the days down  
til I can see you and I know somehow  
if you need me the way that I need you

Cuz I don't want anybody else but you.  
I know what to say but I don't know how  
I don't want to go through the rest of my life  
without you my baby, no  
Cuz I don't want anybody else but you  
I don't want to wait till my time runs out  
I just want to tell you how much that you mean to me  
You're the only one I see

So what am I about to do  
Put my heart out on the line for you  
So what's the point of keeping it  
If it already belongs to you  
And I'm counting all the days down  
til I can see you and I know somehow  
Baby, if you feel the same way that I do, yea

Cuz I don't want anybody else but you  
I know what to say but I don't know how  
cuz don't want to go through the rest of my life  
without you my baby no  
cuz I don't want anybody else but you  
and I don't want to wait till my time runs out  
I just want to tell you how much that you mean to me  
you're the only one I see

Cuz you are my love  
and you are my life yeah, oh

Cuz I don't want anybody else but you.  
I know what to say but I don't know how  
I don't want to go through the rest of my life  
without you my baby, no  
Cuz I don't want anybody else but you  
I don't want to wait till my time runs out  
I just want to tell you how much that you mean to me  
You're the only one I see

and I see you babe
