

# If You Think You Know Me

Orianthi

When the light shines down and hits my face  
Won't feel your love descend from space  
And if you're just like me, then you're searching for something  
I've been down this road and I need a friend  
I've almost come, to the very end  
If you're just like me, you're still looking for something

So if you think that you know me,  
Put your hands up and show me  
So I don't feel so alone babe, while I sing my song  
Say if you think you know me  
Put your hands up and show me  
So I don't feel so alone babe, while I sing my song

Have you ever felt like, you don't fit in  
Like there's somebody else inside your skin  
Well you're not alone, we all came here for something  
Know when you're standing alone, you're caught in rock and roll  
On a dance and vibe  
You say there's so many times  
And when we all go home tonight

So if you think that you know me,  
Put your hands up and show me  
So I don't feel so alone babe, while I sing my song  
Say if you think you know me  
Put your hands up and show me  
So I don't feel so alone babe, while I sing my song

Hang in there, hang in there, hang in there  
Hang in there, hang in there, hang in there

So if you think that you know me,  
Put your hands up and show me  
So I don't feel so alone babe, while I sing my song  
Say if you think you know me  
Put your hands up and show me  
So I don't feel so alone babe, while I sing my song.
