Must be you if the phone don't ring
Here I am obsessing
He loves me, yeah, he loves me not
I tell myself I should just learn to shut up
No I need to be like you

Ignore my emotions emotions are dumb Surfin' the channels 'til my senses are numb Shorten my attention span, I should think like a man

Stick my foot in my mouth and just run away Turn off my cell, I ain't got nothing to say Disappear and not give a damn I should think like a man Think like a man

Oblivious it must be nice Nothing spoils your appetite Your checking out every blonde in sight Your telling me that it's just all in my mind yeah I want to be like you

Ignore my emotions emotions are dumb Surfin' the channels 'til my senses are numb Shorten my attention span, I should think like a man

Stick my foot in my mouth and just run away Turn off my cell, I ain't got nothing to say Disappear and not give a damn I should think like a man I should think like a man

I could save myself so much trouble
I could save myself this heartache
But it's the best advice I know I'll never ever take

yeah I got to, I need to, I want to be like you

Ignore my emotions emotions are dumb Surfin' the channels 'til my senses are numb Shorten my attention span, I should think like a man

Stick my foot in my mouth and just run away Turn off my cell, I ain't got nothing to say Disappear and not give a damn I should think like a man I should think like a man I should think like a man
