

Should've known better than to make me believe
Why couldn't you be there when I called?
Sitting now together you just fall apart
When I needed you to be strong

So I'll make this resolution
That I'll change our "I'm on my way"

Cos I'm done and you're the one
Yeah, you get to be my last disaster
I don't wanna make this mistake again
And I'm through with you
And you're not moving up any faster
I don't wanna wait for you to change
You'll always gonna stay untogether

Used to be a good thing, now it's so gone, no
I never wanted no one so bad
You didn't give me no solution
So I just came here to fly

Cos I'm done and you're the one
Yeah, you get to be my last disaster
I don't wanna make this mistake again
And I'm through with you
And you're not moving up any faster
I don't wanna wait for you to change
You'll always gonna stay untogether

I don't know how to get to you
And be there through it all
And catch me when I fall
I hope this message gets through you
And you could prove me wrong
Go on, prove me wrong
Alright, alright
Yeah

Cos I'm done and you're the one
Yeah, you get to be my last disaster
To be so untogether
I don't wanna make this mistake again
And I'm still with you
And you're not blowing up any faster
I don't wanna wait for you to change
You'll always gonna stay
