

Wouldn't Change A Thing

Orianthi

Can we hold on to this moment
Yea just wanna go far off from life
Where everything is so perfect
I've got your heart and you've got mine
Well I don't care what to know brings
As long as you are here with me
So forever in this frame and time
You and I, I am yours faithfully

So maybe we could stay here a while
Watch the sun sink over the sky
So maybe we would hold on tight
To this night

So will you hold me every time
Need to feel your love in life
The way you make me feel like I'm
The only one in your life
Time will take to make it right
The look you'll give me when I'm cryin'
If you're the only one for me
Baby I... wouldn't change a thing

I was lost before I found you
And now your love makes me feel aright
I thank god that you're in my
At this time
Everything
It feels so right

I never thought I fall like this
Over someone, but now I've changed
The first time that I thought to myself
I really hope he feels the same

So maybe we could stay here a while
Watch the sun sink over the sky
So maybe we would hold on tight
To this night

So will you hold me every time
Need to feel your love in life
The way you make me feel like I'm
The only one in your life
Time will take to make it right
The look you'll give me when I'm cryin'
If you're the only one for me
Baby I... wouldn't change a thing

Our love is like a dream
I'll never awake from it
And our love if like the way of going on and on and on yea...

So maybe we could stay here a while
Watch the sun sink over the sky

So will you hold me every time

Need to feel your love in life
The way you make me feel like I'm
The only one in your life
Time will take to make it right
The look you'll give me when I'm cryin'
If you're the only one for me
Baby I... wouldn't change a thing
