Orla Gartland

You took away what we had to offer to the world
Who knew so much trouble could come from just one girl?
I'm not the only one

Take a look around you at the destruction that you've caused
Underneath the rubble lie the ones that you once loved
But we mean f*ck all to you now...

You know damn well what's wrong,
But you don't care what's right
Put down your weapons I'm not looking for a fight
Tag you're it, tag you're it,
Take your temper tantrums to someone that gives a sh*t.
'Cause you control my life more than I ever could...

And now, and now, and nowwww...
I am breaking free
And now, and nowwww,
I'm breaking free,
Brothers and sisters follow me.

Yeah we told you what you wanted to hear,
And yeah we lied!
But it's soo f*cking hard, staying on your good side
But we thought what choice do we have?

I'm stuck in the mud, stuck in the mud, yeah I'm trapped
As I stand next to you better be careful not to get papped (paparazzi!)
'Cause you're soo frickin' famous, everybody knows your name
And soon everybody will know your game

You know damn well what's wrong,
But you don't care what's right
Put down your weapons I'm not looking for a fight
Tag you're it, tag you're it,
Take your temper tantrums to someone that gives a sh*t.
'Cause you control my life more than I ever could...

And now, and now, and nowwww...
I am breaking free
And now, and nowwww,
I'm breaking free,
Brothers and sisters follow me.

Loosen your grip, loosen your grip on me
'Cause I have no choice but to break free X2

You know damn well what's wrong,
But you don't care what's right
Put down your weapons I'm not looking for a fight
Tag you're it, tag you're it,
Take your temper tantrums to someone that gives a sh*t.
'Cause you control my life more than I ever could...

And now, and now, and nowwww...
I am breaking free
And now, and nowwww,

I'm breaking free,
Brothers and sisters follow me.
