

# Handlebars

Orla Gartland

The group were big for just a year  
and then the whole thing fell  
they had nothing to fall back on  
they fell pretty hard as you can tell  
and now they're cleaning tables in the local bar  
it wasn't all that long ago that they'd be told that they'd go far

She looks down on those who do not look up to her  
she's a head above them all although she'll never be as tall  
And everybody loves her they think that she is swell  
But the one true problem is that she knows it all too well

Carve out your future no one else will do it for you x2

And I know that it's a hard thing to choose, but I think it's pretty  
clear that I've got nothing to lose

Take life by the handlebars and shake shake shake  
It is nowhere you will go if it's not progress that you make  
And I know that it's a hard thing to choose, but I think it's pretty  
clear that I've got nothing to lose now

He's feeling pretty confident he thinks his future's made  
But all of a sudden the adoration could fade  
Now he begs the world to like him, and pretend he likes himself  
but he's wasted all his years and now he's sitting on the shelf

I can try to avoid it I can push it in the shade  
But whether I like it or not there are decisions to be made  
I'm really scared a little bridge is all that I will be  
They'll tell me I'll be big and then they'll walk all over me

Carve out your future no one else will do it for you x2

And I know that it's a hard thing to choose, but I think it's pretty  
clear that I've got nothing to lose

Take life by the handlebars and shake shake shake  
It is nowhere you will go if it's not progress that you make  
And I know that it's a hard thing to choose, but I think it's pretty  
clear that I've got nothing to lose now

Can I be sure that I've got nothing to lose  
Can I be sure that I won't end up bruised x2

Take life by the handlebars  
Take life by the handlebars

And I know that it's a hard thing to choose, but I think it's pretty  
clear that I've got nothing to lose

Take life by the handlebars and shake shake shake

It is nowhere you will go if it's not progress that you make  
And I know that it's a hard thing to choose, but I think it's pretty  
clear that I've got nothing to lose now
