

## Steps

Orla Gartland

I'm running, with my fake I.D in my tights  
and I don't know wrong from right  
I've been like this all my life  
Step one, step two, step x4

Stares, from the people that I pass by  
But I don't care and guess why?  
Cause they don't know why I'm running  
Step one, step two, step

Running with determination  
Cause you are my destination  
And I will search the nation  
'Til it turns to frustration  
Ready to throw in the towel  
Your smile turns into a growl  
But pity me, I am alone and I've ran so far from home

1 step 2step 3step 4  
All the steps you'll ever need and more  
and I've ran them all and I'd step them all again  
1step 2step 3step 4  
All the steps you'll ever need and more  
And I've ran them all just to get to you  
And I wonder if you'd run them for me too?

I'm scared of getting caught  
But then I'm scared of getting not  
But I can tell I'm not the first to run to you  
Step one, step two, step

But I know I will keep my crown  
As long as you don't turn me down  
So use your charm and welcome me with open arms

Step one, step two, step x3
