

# Waking And Dreaming

Orleans

Dreaming again  
Asleep in his bed  
A river of visions runs through his head

Strange as it seems  
This chaos of dreams  
Can change the course and shape of things

He sees with an eye only open at night  
What breeds in the darkness  
Blossoms in the light

Awake in the morning  
Thrust without warning  
Into life all over again  
Still chasing pleasure  
Running from pain  
Though I know they're both the same

Then the fog rolls away  
And I'm here in today  
Thinking I can see how dreams become reality  
Since I opened up my eyes  
It's time to arise  
And show that I'm  
Not just

Dreaming, dreaming again  
Hey, hey, yeah  
Dreaming, dreaming again  
Waking up and  
Dreaming (Dreaming again)  
Dreaming again  
Dreaming (Dreaming again)  
Dreaming again

Dreaming (Dreaming again)  
Dreaming again  
Waking and dreaming again  
Dreaming (Dreaming again)  
Dreaming again  
Dreaming again  
Dreaming (Dreaming again)  
Dreaming again  
Dreaming again  
Dreaming (Dreaming again)  
Dreaming again  
Dreaming again

Waking up and  
Dreaming (Dreaming again)  
Dreaming again  
Dreaming again  
Dreaming (Dreaming again)  
Dreaming again  
Dreaming again  
Dreaming (Dreaming again)

Dreaming again  
Dreaming again
