

# What I Need

Orleans

Just give me the earth underneath my feet  
And the sun up in the sky above  
And let me eat from the fruit of the land  
And stand beside the one I love

What I need  
Is all I'm askin' for  
What I need  
I wouldn't ask for more  
It's not greed  
To ask for what you need  
Oh no

Just let me drink until I quench my thirst  
And fill my lungs with clean, fresh air  
Let one star be mine alone  
That I am free to follow anywhere

What I need  
Is all I'm askin' for  
What I need  
I wouldn't ask for any more  
It's not greed  
To ask for what you need  
Oh no

I wouldn't ask for more  
Than to know what I'm living for  
I wouldn't ask for more  
'Cause men have been greedy  
Too many times before

Just let me work and live my life in peace  
'Cause I mean nobody I'll  
And let my sorrows carve out hollows  
For my happiness to fill

What I need  
Is all I'm askin' for  
What I need  
I wouldn't ask for any more  
It's not greed  
To ask for what you need

I said what I need  
Is all I'm askin' for  
What I need  
I wouldn't ask for any more  
It's not greed  
To ask for what you need  
Oh no
