

## Disconnect, Disconnect

Osker

Every time I hear your name, it bears an uncanny resemblance to defeat.  
Though it would be nice to touch base, it's hard to face the things we've been.  
I don't remember your precious smile,  
I still remember the ways you showed your worth.  
I know what you want from me.  
You're not here and I'm not well.  
I hope you feel the pull, it'll bring down to where I go,  
and that's what I know of life, cuz it was all I was shown.  
What I know now, I could never go back to you.  
Disconnect and disconnect and disconnect.  
The heart aattack comes right back, right where we left off.  
I point the gun too much.  
Fuck, you're such an easy target.  
I said I couldn't carry a goddamn thing, but you gave it anyway  
.  
Half-flattered you believed in me, half-sorry you made a mistake.  
I hope it's cold in your room, let the warmth lure you home.  
I hope it's cold in your room, and like a magnet it'll bring you home.
