

Crush

Otep

Shhhh, Its ok...
I'm right here..
I promise...
I won't leave you..
Everything will be ok...
I wont..
Leave you...
Ever...

Don't be afraid!!
Sweet, little stray!!

Don't be afraid...

I see you
In your Sunday best
I see you
Feathering your nest...

And oh, how I liked you
You were my very own

Oh, how I liked you!
So, I followed you home...

I see you
Day to day
I see you
And I love the way
Your lips suck that cigarette
I see you
Haven't seen me yet...

And oh, how I liked you
Your were my very own
Oh, how I like you
Even as I broke your bones...

Tell
Me
Please
Does it hurt??

Tell
Me
Please
Does it hurt??

You were my very own
Oh, how I liked you!
You were my very own
Mine alone....

I made it so special for you
A bed of roses for you to bloom...

I see you

Opening your mouth
I see you
Absent of doubt
I see you
Will never forget
The night your life was mine to collect...

And oh, how I liked you
You were my very own
Oh, how I liked you
As I covered you with stones....

Tell
Me
Please
Does it hurt??

Tell
Me
Please
Does it hurt??

If I can't have you no one can
You'll stay with me among the damned
To keep you warm, I'll hold you tight
The fragrance of a graveyard night
Will remind us of unending love
& I'll forgive you chosen one...

No, no. Don't say those things...

Don't you say a fucking word!!
Don't you know it fucking hurts??
Don't you say a fucking word!!
Don't you know it fucking hurts??

CRUSH!!
CRUSH!!

You're ignoring me now.....

Oh, how I loved you!
You were my very own!
Oh, how I loved you!
You were mine all alone!
Oh, how I loved you!
You were mine to control!
Oh, how I loved you!
Eyes & mouth packed with mud.....
