```
Shhhh, Its ok...
I'm right here..
I promise...
I won't leave you..
Everything will be ok...
I wont..
Leave you...
Ever...
Don't be afraid!!
Sweet, little stray!!
Don't be afraid...
I see you
In your Sunday best
I see you
Feathering your nest...
And oh, how I liked you
You were my very own
Oh, how I liked you!
So, I followed you home...
I see you
Day to day
I see you
And I love the way
Your lips suck that cigarette
I see you
Haven't seen me yet...
And oh, how I liked you
Your were my very own
Oh, how I like you
Even as I broke your bones...
Tell
Me
Please
Does it hurt??
Tell
Me
Please
Does it hurt??
You were my very own
Oh, how I liked you!
You were my very own
Mine alone....
I made it so special for you
A bed of roses for you to bloom...
```

I see you

Opening your mouth I see you Absent of doubt I see you Will never forget The night your life was mine to collect... And oh, how I liked you You were my very own Oh, how I liked you As I covered you with stones.... Tell Me Please Does it hurt?? Tell Ме Please Does it hurt?? If I can't have you no one can You'll stay with me among the damned To keep you warm, I'll hold you tight The fragrance of a graveyard night Will remind us of unending love & I'll forgive you chosen one... No, no. Don't say those things... Don't you say a fucking word!! Don't you know it fucking hurts?? Don't you say a fucking word!! Don't you know it fucking hurts?? CRUSH!! CRUSH!! You're ignoring me now..... Oh, how I loved you! You were my very own! Oh, how I loved you! You were mine all alone! Oh, how I loved you! You were mine to control! Oh, how I loved you! Eyes & mouth packed with mud.....
