

Feeding Frenzy

Otep

Godless
Walking up
Don't give a fuck
I feel your eyes on me
I'm standing strong
You came unarmed
But still you wanna fuck with me
You're fighting for some holy war
Don't fucking pray for me
Cos all your hate just makes me stronger

I fear no man, so give me
Your best shot and everything you got
I am empty, ready
For a feeding frenzy

Strength in numbers
Counting you like sheep
Makes me wonder
Why you're all so weak
Feeding frenzy
The gnashing of the teeth
If there's strength in numbers
Why are you so weak?
Riot

You feed upon the innocent
So delicate, so sweet
You need friction to make fire
But you never expected me
to detonate & eradicate
the deceptions that you preach
BUT all your hate just makes me stronger

I fear no man, so give me
Your best shot and everything you got
I am empty, ready
For a feeding frenzy

Strength in numbers
Counting you like sheep
Makes me wonder
Why you're all so weak
Feeding frenzy
The gnashing of the teeth
If there's strength in numbers
Why are you so weak?
Riot
Riot

Get up, get out
And stand your ground and fight, fight
Get up, get out
Just stand your ground
Get up, get out
Just stand your ground
Get up, get out

Just stand your ground and fight

I fear no man, so give me
Your best shot and everything you got
I am empty, ready
For a feeding frenzy

Strength in numbers
Counting you like sheep
Makes me wonder
Why you're all so weak
Feeding frenzy
The gnashing of the teeth
If there's strength in numbers
Why are you so weak?

Your best shot and everything you got [x3]
