

# Feral Game

Otep

What is common?  
What is normal?  
What is wrong with me?

In the end, how will I be judged?  
A skull to hold the worms?  
A body to cradle dust?

If it means becoming like these  
Wrinkled people with  
Shriveled lives  
I'll forfeit this shadow  
Game of compromise...

Tonight, I might  
Swim to far...

And the shore will fade..  
And I'll be gone.....

One day they will say  
Just look at her now...

One day they will say  
We thought she'd drown...

In a tidal crush  
Of muck that sucked  
Her to the ground...

They will kneel, shiver  
And beg  
"What pushed you over the edge?"

Cuts & bruises  
Ruined brain fluid  
Cigarette burns  
The monsters  
Taking turns!

Feed it!  
Fuck it!  
Breed it!  
Eat it!

Feed it!  
Fuck it!  
Breed it!  
Eat it!

Feed it!  
Fuck it!  
Breed it!  
Eat it!

We remain animals!

Feral or tame?  
We remain animals!  
Feral or tame?  
We remain animals!  
Feral or tame?  
We remain animals!

We remain animals!

We remain animals!

One day they will pray  
Save us from this hell...

One day they will pray  
Save the weak & frail...

One day they will pray  
Save us from ourselves...

And I'll say it's too late  
You've summoned the devil  
Within me  
You should be  
Running.....

You amuse me  
Sluts & losers!  
Sub-human  
Lice & tumors!

Feed it!  
Fuck it!  
Breed it!  
Eat it!

Feed it!  
Fuck it!  
Breed it!  
Eat it!

Feed it!  
Fuck it!  
Breed it!  
Eat it!

We remain animals!

Feral or tame?  
We remain animals!  
Feral or tame?  
We remain animals!  
Feral or tame?  
We remain animals!

We remain animals!

We remain animals!

Feral or tame?

Feed it!!  
Fuck it!!

Breed it!!  
Eat it!!

She  
Was asking for it...  
He  
Was laughing at me...  
She  
Was asking for it...  
He  
Was screaming don't hurt me!!!

One day they will pay!  
And I will rise from ruin!  
A beast of iron & plague!

Cuts & bruises  
Cigarette burns  
The monsters  
Taking turns!

One day they will pay!

Feed it!!  
Fuck it!!  
Breed it!!  
Eat it!!

Their perfume  
Still haunts this room...  
Sensual phantoms  
Fingers & lips  
Cradle the evidence...

Mine..  
Mine...  
Mine....
