

# Suicide Trees

Otep

I spent my  
whole life  
In love with despair  
Kept my lungs full  
With the breath of thier  
Mute atmosphere  
I became  
What I hate  
And thus  
Shall I remain  
To give birth to a  
Mighty assasin  
Armed with a weapon of words  
To defy the lies  
To never compromise  
No  
Today  
My name  
Is pain  
I stood  
Beyond the world  
Whispering secret syllables in the  
Eyeless dark  
Dancing wildly  
Round and round on the rotting ground  
Surrounded by the dead dusts of hell  
This is how I delete myself  
And this is how I corrupt  
Everyone else  
Obey (2x)  
Betray (2x)  
You are not unique  
You do not need to think  
Take it (3x)  
I will (3x)  
You succumb  
So nicely  
Like an insect staring back  
Like a dying dove  
My love (2x)

So here we are again  
The sheets are stained and bloodied  
The animals scratch at my skin  
Here we are again  
My face is scraped and bloodied  
I've nothing left to give

I wasn't there  
I'm not involved  
I'm innocent  
It's not my fault  
I wasn't there, I'm not involved, I'm innocent, It's not my fault (2x)  
Here in the suicide trees (2x)

No, bloody, bloody, bloody  
Murder

Among the excitement of my sins  
It's not happening (7x)

So here we are again  
In secret ceremonies  
Changing shape, amen  
Here we are again  
Pretending not to notice  
The illness sneaking in

I wasn't there  
I'm not involved  
I'm innocent  
It's not my fault  
I wasn't there, I'm not involved, I'm innocent, It's not my fault (2x)  
Here in the suicide trees (2x)

Toil and labor, hate your neighbor, faith in favor, obey (2x)  
Obey (2x)  
Here I do as I please, obey, here in the suicide trees, obey (2x)  
Hate your neighbor (2x)  
Scratch at my skin  
It's not happening [until fade out]
