

## AM Theme

## Other Lives

I am on a bridge  
And down below  
People passing by  
The ones we used to know  
I'd like to say goodbye

And I had called a name  
But no one heard  
Sounds just like the noise  
Of people talking words

I'd love to say a prayer  
For all those that flew  
And all who wish to

Golden gates  
Look far from here  
A peaceful view  
From up above

And can you hear their voices  
Calling your name?

I am on the ground  
And now I've seen  
The choice to stay or go  
Does not belong to me  
I'd love to say hello
