AM Theme

Other Lives

I am on a bridge And down below People passing by The ones we used to know I'd like to say goodbye

And I had called a name But no one heard Sounds just like the noise Of people talking words

I'd love to say a prayer For all those that flew And all who wish to

Golden gates Look far from here A peaceful view From up above

And can you hear their voices Calling your name?

I am on the ground And now I've seen The choice to stay or go Does not belong to me I'd love to say hello
