

# Down in the Valley

Otis Redding

Down in the valley  
In valley so low  
Hang your hair over your shoulder  
And you can hear the four wind blow

Why can't you hear the wind blow my love?  
Can't you hear the wind blow?  
We're down in the valley  
In the valley so low, now

Now have you ever been lonely, lonely?  
Now have you ever been sad?  
Did you ever really need some one, oh my?  
Who really needed fa-fa-fa-fa-fa-fa-fa

Gotta, gotta, gotta, too much, ooh yeah  
Help me baby, gotta get the groove  
So too much, so, ooh yeah

It was down in the valley  
In the valley so low  
It was when I held you so tight  
How can I ever let you go, go, go, go, go

I can't walk down, down, down, down, down, down, down  
In the valley so low  
When I held the baby you so tight, now  
How could I ever let you go, now

Good God, too much, too much, too much groovin' now  
Too much, gotta down in the valley  
We're down in the valley  
So low, so low, we can't go no further

We're down, we're down too much  
Gotta groovin', groovin', groovin'  
Gotta, we can't, we can't, we can't, we can't  
We can't, we can't, we can't go no further, now

Gotta, gotta, good God Almighty we gotta, gotta, groovin', groovin', groovin'  
Too much grippem, watch it, watch it, watch it  
Gotta, a good time we're havin'  
We gotta, gotta keep on, keep on groovin'
