For Your Precious Love

Otis Redding

For your precious love means more to me Than any love could ever be For when I wanted you I was so lonely and so blue For that's what love will do

Darling, I'm so surprised, Oh, when I first realized That you were fooling me Darling, they say that our love won't grow

I just want to tell them that they don't know For as long as you, long as you are loving me Our love will grow wider, deeper than any sea And all the things in the world, in this whole wide world Is just that you would say that you'd be my girl

(Wanting you) Wanting you, (I'm lonely and blue) whoa, lonely That's what love will do

For your precious love means more to me Than any love could ever be For when I, I wanted you I was so lonely and so blue That's what love will do
