

Hey Hey Baby

Otis Redding

Hey, hey pretty baby
Baby, you sure is fine
Hey, hey pretty baby
Baby, you sure is fine
Every time I look at you
You drive me out of my mind

She got big blue eyes
Want her here by my side
She got big blues eyes
Want her here by my side
Hey, hey pretty baby
Let me be your little guide

She got ruby lips
Boy, she sure got pretty hips
She got ruby lips
Boy, she sure got pretty hips
And when she walks down the street
All the cats go flippity flip

She got big blue eyes
Want her here by my side
She got big blues eyes
Want her here by my side
Hey, hey pretty baby
Let me be your little guide

Hey, hey pretty baby
Baby, you sure is fine
Hey, hey pretty baby
Baby, you sure is fine
Every time I look at you
You drive me out of my mind

Hey, hey pretty baby
Baby, you sure is fine
Hey, hey pretty baby
