

I Want to Thank You

Otis Redding

I want to thank you for being so nice now
I want to thank you for giving me my pride
Sweet kisses too
And everything you do
I know I'll never find another one like you
If I prove my love it won't be true
Oh my my darling
How can I forget you

I remember the first day that we met
I taught you how to smoke your first cigarette
You were so sweet
In everything you did
And oh darling
You made me seem so big
Just to have you right there in my arms
Just to hold
To squeeze all of your sweet loving charm

I wanna thank you
Darling I wanna love you

I wanna thank you again and say bye bye
I wanna thank you again
Oh how I will cry
Sweet kisses to you and everything you do
Darling I wish I had another one like you
Just to hold you
Have them in my arms
It will bring back memories
And all of your sweet loving charm

I wanna thank you
Darling I want to love you
Baby I wanna hold you
Please let me kiss you
