

Match Game

Otis Redding

Come on honey let's play the match game
You strike me and I'll be the flame
Girl you start the biggest fire
When you touch me I'm like a likewire
You burn a tattoo on my arms
I can't feel the fire
But your kisses is warm

And it's the match game
Now, now I'll tell you it's the match game
Huh, come on

Honey the match game is really in
Strike me the light a cigarette
Your love keeps me burning up
Give me so much I can't get enough
My burns can burn down a building
But my kind of fire
Gives you that lovely good feeling

It's the match game
Baby, I'll tell you it's my match game

Hard is my momma's turn to free
Oh, your just ties me up in the sea
Don't you know I like it momma
Really do, love it, huh, come on

Come on honey let's play the match game
You strike me and I'll be the flame
Girl you start the biggest fire
When you touch me I'm like a live wire
You burn a tattoo on my arms
I don't feel the fire
But your kisses is warm

Now it's the
Light me up, come on and light me up
Can't get enough
Now, I tell you, it's the match game
Strike me baby, strike, strike me momma
Lord it's the match game
Come on and, come on honey, baby cake
