

# When Something Is Wrong with My Baby

Otis Redding

When something is wrong with my baby  
Something is wrong with me  
And if I know that she's worried  
I know I'd feel the same misery (we got problems)

We've been through so much together  
We stand as one, and that's what makes it better  
When something is wrong with my baby, people  
Something is wrong with me, now dig this

Just what she means to me,  
You just, you just can't understand  
People can say that my woman, she's no good  
But she's my woman and I know I'm her only man

And if he's got a problem  
Oh, I gotta, I gotta help him solve them  
When something is wrong with my baby  
Something is wrong with me

I gotta tell it to ya just one more time  
When something is wrong with my baby, something is wrong with my baby  
When something is wrong with my baby, something is wrong with me
