

Everytime You Go

Ott

Baby don't you know I need you, you know I still love you
I want to hold you in my arms, ooh ooh yeh
I'm lost in a dream of time together, sweet memories of you and
me girl
A love so strong we used to share, still can't believe you and
me girl
Should you ever decide I will be there, I will not be denied 'c
ause baby
Everytime you go, I just can't face it another night alone
Everytime you go everytime you go now
You hurt me baby you hurt me everytime you go
Thinking about times we spent together
You and me we were meant to be girl
Now that you're gone I'm on my own
You and me just a memory girl
Should you ever decide I will be there
I will not be denied 'cause baby
Everytime you go, I just can't face it another night alone
Everytime you go, you hurt me baby you hurt me everytime you go
Everytime you go you know I'll be missing you
If you find another lover then we're as good as through
So put your hand on your heart and say you don't love me
If you find that you're wrong then just stop thinking of me
You know I want you back so won't you pick up the 'phone
You know that I forgive you so baby please, please come home
'Cause baby everytime you go I just can't face it, another nigh
t alone
Everytime you go you hurt me baby, you hurt me everytime 'cause
baby
Everytime you go everytime you go, can't face another night alo
ne
Everytime you go, you hurt me baby you hurt me everytime
'Cause baby everytime you go
Everytime you go can't face another night alone
I just can't face it everytime you go
