## Innocent

## **Our Lady Peace**

Oh, Johnny wishes he was famous Spends his time alone in the basement With Lennon and Cobain and A guitar and a stereo

And while he wishes he could escape this But it all seems so contagious Not to be yourself and faceless And a song that has no soul

I remember feeling low I remember losing hope And I remember all the feelings and the day they stopped

We are, we are all innocent We are all innocent We are, we are...

We are, we are all innocent We are all innocent We are, we are...

Oh, I dreamed of losing faith and what she knows And some music hits on the foreclose Thinks of surgery and a new nose And the galleries of war

And while she wishes she was a dancer And that she'd never heard of cancer She wishes God would give her some answers And make her feel beautiful

I remember feeling low I remember losing hope I remember all the feelings and the day they stopped

We are, we are all innocent We are all innocent We are, we are...

We are, we are all innocent We are all innocent We are, we are...

One day, you'll have to let it go You'll have to let it go No... One day, you'll stand up on your own You'll stand up on your own

Remember losing hope Remember feeling low Remember all the feelings and the day they stopped

We are, we are all innocent We are all innocent We are, we are... We are, we are all innocent
We are all innocent
We are, we are...
We are (one day), we are all innocent
We are all innocent (you'll have to let it go)
We are, we are (you'll have to let it go, no..)
We are (one day), we are all innocent
We are, we are (you'll stand up on your own)
We are, we are all innocent (you'll stand up on your own..)
We are, we are all innocent
