

Life

Our Lady Peace

How many times have you been pushed around?
Was anybody there?
Does anybody care?
How many time have your friends let you down?
Was anybody there?
Did anybody stare?

How many time have your friends let you down?
Just open up your heart
Just open up your mind
How many times has your faith slipped away?
Well, is anybody safe?
Does anybody pray?

Oh, Life is waiting for you
So messed up, but we're alive
Oh, Life is waiting for you
So messed up, but we'll survive

How many days have you just slept away?
Is everybody high?
Is everyone afraid?
How many times have you wished you were strong?
Have they ever seen your heart?
Have they ever seen your pain?

Oh, Life is waiting for you
So messed up, but we're alive
Oh, Life is waiting for you
So messed up, but we'll survive

She gets high
She gets lost
She gets drowned by the cost
Twice a day, every week, all her life

She gets high
She gets lost
She gets drowned by the cost
Twice a day, every week, all her life

Oh, Life is waiting for you
So messed up, but we're alive
Oh, Life is waiting for you
So messed up, but we'll survive
All messed up, but we'll survive
