Made of Steel

Our Lady Peace

I can be anything that you want me to be A punching bag, a piece of string, oh That reminds you not to think

I found the note down in your car And it's not your fault, it gets this hard Gets this hard

Hold your head high, don't look down I'm by your side, won't back down You wanted a hero tonight

Well, I'm not made of steel I'm not made of steel But your secret's safe with me

I can be anything that you want me to be A holy cross, some sympathy, oh That reminds you not to bleed

I found the note down in your car And you climbed up here to fall apart Fall apart

Hold your head high, don't look down I'm by your side, won't back down You wanted a hero tonight

Well, I'm not made of steel I'm not made of steel But your secret's safe with me No, your secret's safe with me

They knock you down, I'll pick you up They laugh at you, I'll shut them up

But I'm not made of steel But I'm not made of steel But I'm not made of steel But your secret's safe with me, yeah Your secret's safe with me, yeah

Hold your head high, don't look down I'm by your side, won't back down You wanted a hero tonight
