## **Bird On A Wire**

**Out Of The Grey** 

Bird on a wire You're gonna fly to where the skies are blue World is on fire below But you don't let it get to you Arrows fly and lightning strikes In the blink of an eye you can't think twice

What keeps you up in the air Trying to live on a wing with no prayer And what is it that makes you so sure There'll be somewhere to land after the storm You must be tired

Bird on a wire You're gonna find you're not above it all Maybe it's time to decide Where you'll stand when the curtain falls Arrows fly and lightning strikes In the blink of an eye you can't think twice

What keeps you up in the air Trying to live on a wing with no prayer And what is it that makes you so sure There'll be somewhere to land after the storm You must be tired Bird on a wire
