

# I'll Drink To That

Outasight

Walking in the rain trying to clear my head  
The city in that never sleeps, gotta find me a bed  
I'll close my eyes and try to escape  
The lonely nights and the minimum wage  
New York City sounds good right now

Times are hard so let's drink to we what we've got  
Take a shot and have some faith  
Singing these long days will be they'll worth it when we're older  
Weight is off our shoulders  
I'll drink to that

I'll drink to that  
I'll drink to that

Walking through the town that made me a man  
Everyone here, tries the best that they can  
When the weekend comes we pour our hearts in a glass  
Raise it up and cheers May the good times last  
New York City sounds good right now

Times are hard so let's drink to we what we've got  
Take a shot and have some faith  
Singen these long days will be they'll worth it when we're older  
Weight is off our shoulders  
I'll drink to that

I'll drink to that  
I'll drink to that

So pour another round  
This one's on me  
A toast to our love and our family  
And when the day grows old  
May we look back and say  
That we had our fun  
We lived while we're young

Times are hard so let's drink to we what we've got  
Take a shot and have some faith  
Singing these long days will be they'll worth it when we're older  
Weight is off our shoulders  
I'll drink to that

Take a shot have some faith  
I'll drink to that  
We got to live while we're young  
I'll drink to that  
Take a shot have some faith  
I'll drink to that  
We got to live while we're young  
I'll drink to that

New York City sounds good right now
